1. Uprawniony do montażu samochód jest zaparkowany na równym podłożu. Przed zamocowaniem uchwytu na szybie przedniej zaleca się, aby szybe przednią oczyścić, przeciwniejąc ją szmatką nasączoną alkoholem i upewnić się, że miejsce instalacji nie jest zakurzone ani zatłuszczone.
2. Po wyregulowaniu kąta montażu, upewnij się, że widok kamery jest równoległy do poziomu podłoga, a współczynnik ziemia/niebo jest bliski 5/5.
3. Poprowadź kable przez sufit i do przedniego słupka drzwiowego w taki sposób, aby nie utrudniały kierowania pojazdem. Upewnij się, że instalacja kabli nie będzie zakłócać działania poduszek powietrznych pojazdu ani innych funkcji bezpieczeństwa.

Ilustracje dotyczące połączenia zamieszczane zostały tylko w celach informacyjnych. Jeśli podczas instalacji, natrafiłeś na jakieś problemy, proszę skontaktować się z wykwalifikowanym instalatorem (personel serwisu samochodowego).

1. Certifique-se de que o automóvel está estacionado num piso plano. Antes de fixar o suporte do dispositivo no para-brisa, recomenda-se que limpe o para-brisa com álcool e certifique-se de que não existe pó, oleosidade e gordura na área de instalação.
2. Ao ajustar o ângulo de montagem, certifique-se de que a visão da câmara está paralela ao piso plano e que a proporção solo/céu é de cerca de 5/5.
3. Encaminhe os cabos através do teto e do pilarejo A de maneira a não interferirem com a condução. Certifique-se de que a instalação não interfere com os airbags do veículo ou com outras funcionalidades de segurança.

As ilustrações da instalação são apenas para a sua referência. Se você encontrar algum problema durante a instalação, entre em contato com um técnico especializado (como o pessoal de serviço do veículo) para obter assistência.
